Zr VCI TARPULIN

Description	Product#	Color
SIZE: 1 MTR x 100 MTR / MICRONS: 120 GSM	600064101001	WHITE

A tarpaulin is a material which has been designed to be treated to be waterproof or water resistant. Tarpaulins are used in a large range of applications for everything from providing shelter from inclement weather to protecting flooring from paint drips. It is sold in hardware stores sell tarpaulins or "tarps" as they are sometimes called, and it is also possible to purchase large sheets of tarpaulin material and cut them down into a specific desired size

**Zr VCI
SYNTHETIC FILM**

Description	Product#	Color
SIZE: 1MTR x 100MTR / MICRONS: 80GSM HDPE ROLL	600064101002	WHITE

VCI film protects metal from rust and corrosion in two ways — it serves as a physical barrier against moisture, dust or contaminants, and as a rust-eradicating corrosion inhibitor. ... To use VCI film, place metal or metal parts in VCI film and seal — there's no messy grease or oil to apply.

**Zr VCI ANTIOXIDE
FILM COMBO1**

Description	Product#	Color
HDPE 250 + 350 GSM COMBO SIZE: 1MTR x 100MTR / MICRONS: 250GSM	600064101003	BLUE

Our company is counted as steadfast manufactures of various types of Anti-Corrosive VCI Films. Used across diverse industries, these films are precisely developed at our state-of-the-art manufacturing facility. Being anti-corrosive in nature, these films are used to pack various machines and instruments and thus, safeguard them from adverse environmental effects. Our products are quality approved by reputed standard organizations across the globe. Besides, we deliver our products to the clients within the promised time frame.

**Zr VCI ANTIOXIDE
FILM COMBO2**

Description	Product#	Color
HDPE 110 + 350 GSM COMBO SIZE: 1MTR x 100MTR / MICRONS: 110GSM	600064101004	WHITE

The most-used products are: VCI Paper; VCI Shrink Films; VCI Bags; and VCI Covers for Protecting Metal Automotive Components such as Engine Blocks, Transmissions, Gearboxes, and Brake Discs, as well as Steel Coils, Entire Machines, and Metal Products in general.

**Zr VCI ANTIOXIDE
PAPER - 170 GSM**

Description	Product#	Color
HDPE + ZrVCI PAPER SIZE: 1.2 MTR x 100MTR / MICRONS: 170GSM	600064101005	WHITE

Papers and film treated with engineered chemicals that safely prevent corrosion on protected metals. This protective layer prevents salt, dirt, oxygen and other materials from depositing on the metal and causing corrosion.

Zr VCI ALUMINUM FOIL

Description	Product#	Color
AL FOIL WITH HDPE & VCI COATING SIZE: 1MTR x 100MTR MICRONS: 125GSM	600064101006	SILVER

VCI Aluminum Foil for industrial packing safe-pack is a conventional product that is in huge demand due to its unmatched quality and excellent performance. The foil is available in various specifications and thickness to meet the exact requirements of different application areas. It acts like a barrier to moisture, oxygen, bacteria, odours and flavours. In addition to this, the countable features like heat conductivity, strength, impermeability, hygiene, non-toxicity and corrosion resistance.

**Zr VCI BEIGE
SHRINK FILM**

Description	Product#	Color
SIZE: 1MTR x 100MTR / MICRONS: 600GSM	600064101007	BEIGE

We are involved in manufacturing, exporting and supplying a high quality range of VCI Shrink Film. These offered films are available in different patterns, colors and sizes as per requirements of clients. These packing films are highly demanded and admired amongst the customers for their effective uses in packaging of goods.

**Zr VCI TRANSPARENT
BLUE SHRINK FILM**

Description	Product#	Color
SIZE: 1MTR x 100MTR / MICRONS: 600GSM	600064101008	TRANSPARENT BLUE

We are providing our clients an excellent quality that is suitable to pack all shapes of articles. The offered roll is manufactured with the help of premium quality material and technically advanced machines in line with industry standards under the supervision of our skilled professionals. In order to ensure quality, this roll is stringently tested on various predefined set industrial standard. We offer this roll in different specifications and can be customized in order to meet the diverse requirements and demands of the clients'.

Zr VCI TRANSPARENT BLUE STRETCH FILM

Description	Product#	Color
SIZE: 20" Width x 10 mtrs Length MICRONS: 23 MICRONS	600067802009	TRANSPARENT BLUE

Our VCI Stretch Film with Vapor Corrosion Inhibitor have transparent blue film for easy identification of products. Used for wrapping large mechanical parts or engines where oxidation is a concern.

Zr VCI STRETCH FILM - 11 MICRONS

Description	Product#	Color
SIZE: 20" Width x 400 mtrs Length MICRONS: 11 MICRONS	600067802010	TRANSPARENT BLUE

Safepack VCI Stretch film is a specially designed wrap film that protects metal parts from all types of corrosion, direct contact, and vapour action. The stretch and cling material is especially useful for protecting larger objects.

Zr VCI PLASTIC BLUE FILM

Description	Product#	Color
SIZE: 20" Width x 50 Mtrs Length MICRONS: 75 MICRONS	600067802011	BLUE

Our product range includes a wide range of VCI Film. We are a manufacturer and trader for Strapping Machines, Wrapping Machines, Strapping Tools, Container Lashing, Taping Machines and more.

Zr VCI TRANSPARENT BLUE SHRINK FILM

Description	Product#	Color
SIZE: 6 MTR X 35 MTR MICRONS: 50-150 MICRONS	600064103012	TRANSPARENT BLUE

We are a foremost organization for providing a diverse grade of PVC Shrink Film to our valued customers. We offer this at nominal costs.

Zr VCI BLUE SHRINK FILM

Description	Product#	Color
SIZE: 6 MTRS X 35 MTRS MICRONS: 50-150 MICRONS	600064101013	BLUE

VCI Shrink Wrap is a breakthrough packaging concept in corrosion prevention because it eliminates the need for petroleum-based rust preventative products such as oils and greases. These petroleum-based rust preventative products are not environmentally friendly and can cause hazards in the workplace. These products can cause spills, slips, and falls. They are also a potential fire hazard.

**Zr VCI SHRINK FILM
250 MICRONS**

Description	Product#	Color
SHRINK BEIGE/BROWN FILM SIZE: 20FTX210FT MICRONS: 250 MICRONS	600041003014	BEIGE/BROWN

The most common type of shrink film is found wrapping retail packaging and is characterized by crystal clarity, small seal size, and low tear resistance. Shrink film can also be used for load bundling and protection, particularly in applications where heavy loads are exposed to the outdoors for extended lengths of time that would degrade stretch film.

**Zr VCI SHRINK FILM
LAMINATED**

Description	Product#	Color
SIZE: 6 MTRS x 33.5 MTRS MICRONS: 250 MICRONS	600014105015	WHITE

Leveraging on our vast practice and knowledge in this area we are highly engaged in offering VCI Laminated Film.

- * Easy to use
- * Long-lasting
- * Various patterns
- * Resistant to moisture
- * Nominal costs

**Zr VCI STICKY AIR
BUBBLE ROLL**

Description	Product#	Color
SIZE: 1.5 MTR x 100MTR (WxL) MICRONS: 250 GSM	600060004016	TRANSPARENT

GELID Air Bubble is made of two layers of LDPE sheets. The air is entrapped between two layers to give excellent cushioning. The air bubble film is available in roll form in varying lengths, width and gauge. It is shock resistant and moisture proof material. Air Bubble Roll provide cushioning and protection against breakage and damage in transit. Air Bubble Roll is resilience, flexibility and resistance to shock and abstraction including excellent mechanical properties. Air Bubble Roll offers high moisture resistance, convenient to handle. This 10 mm air bubble roll is available in standard thickness of 180 to 600 gauge, width 0.5 meter, 1 meter & 1.5 metre and length of 100 meter and customization available in terms of width / length (MOQ applied).

Zr VCI ANTIOXIDE PAPER - 175 GSM

Description	Product#	Color
HDPE + ZrVCI PAPER SIZE: 1.2 MTR x 100MTR MICRONS: 175 GSM	600064101017	WHITE

The packaging design above protects metal parts from rust and corrosion. A VCI, plain poly or other barrier bag is used to contain the VCI Vapor Corrosion Inhibitors emitting from the VCI paper interleave. VCI paper interleave distributes VCI corrosion protection in the vapor and the contact phase throughout the package.

Zr VCI ALUMINIUM BARRIER

Description	Product#	Color
SIZE: 1 MTR x 100 MTR	600064101018	SILVER

Another alternate is with metal barrier protection that has an aluminium coated polyester with VCI LDPE combination can be used in applications where high level of protection is required where VCI can protect parts in highly demanding areas. These have Water Vapour Transmission Rates of 0.1% compared to normal LDPE. It gives protection against moisture, oxygen transmission, corrosion, physical damage, odor transfer, UV radiation, chemicals.

Zr VCI CREPE PAPER

Description	Product#	Color
SIZE: 1.3 MTR x 200 MTR MICRONS: 82 GSM	600041003019	BROWN

Vci Crepe papers act in accordance with the Vci principal. They release small amounts of volatile protective substance hence saturating the packing with the protective atmosphere providing protection against corrosion for metals & alloys. BRANOPac papers can protect products from corrosion upto 3 years. Vci papers come in different forms i.e. non laminated paper, pe laminated paper, hdpe laminated paper, crepe paper in different GSM.

Zr VCI MULTILAYERED REINFORCED PE FILM - 145 GSM

Description	Product#
SIZE: 1.5 MTR x 100 MTR MICRONS: 145 GSM	600064101020

multilayered reinforced PE laminate which offers higher degree of strength and waterproof quality.

This is a multi-layered product, with heavy duty mesh/ scrim fabric reinforcement laminated between two layers of virgin, high strength polyethylene film, by the co-extrusion process. All the layers are specially treated with UV additives, making it suitable for external use also.

For agriculture and other outdoor usages, the product is manufactured specially with a white colour film on one side. When the white side is used as outside, it allows minimal heat buildup and condensation, which is most desirable in agriculture application.

**Zr VCI MULTILAYERED
REINFORCED PE
FILM - 140 GSM**

Description	Product#	Color
SIZE: 1.5 MTR x 100 MTR MICRONS: 140 GSM	600064101021	MULTI

By keeping track with the market development, we are offering optimum quality Multi Layer Films that are used for packing in various industries. The offered packaging films are designed using the finest quality raw material and innovative technology under the guidance of our adroit professionals in adherence with industry standards. Moreover, the provided packing films are strictly test on varied quality measures so as to ensure its quality.

**Zr VCI SEAWORTHY
COVER FILM**

Description	Product#	Color
SIZE: 2.2 MTR x 100MTR MICRONS: 150 GSM	600064101022	BLUE

Being as a reputed entity of domain we manufacture & supply a wide range of VCI Seaworthy Poly Film Roll, which is used in various packaging methods. For us, our customer's are first priority; we provide them with the best range of products so as to win their trust & confidence. In our product range quality is the most important factor on which we pay our extra attention. As a result, our products boast premium finish, strength and durability.

Zr VCI HDPE ROLL

Description	Product#	Color
SIZE: 1.5 MTR x 100 MTR MICRONS: 150 GSM	600064101023	WHITE

With the valuable assistance of skilled team of professionals, we are engaged in offering an extensive range of high-quality VCI HDPE.
